Prospectus

ॐ असतो मा सद्गमय । तमसो मा ज्योतिर्गमय । मृत्योर्मा अमृतं गमय ।

Education is not the amount of information that is put into your brain and runs riot there, undigested, all your life. We must have life-building, man-making, character-making assimilation of ideas. If you have assimilated five ideas and made them your life and character, you have more education than any man has got be heart a whole library.

- Swami Vivekananda

Ashoka Global ARE Symbols of :

Knowledgeable

Moral Guidance
Protection
Inner Beauty
Self-Confidence
Success

About us:

Ashoka Global is Co-Educational CBSE Board School That offers well integrated education with the best practices of Indian Education System. Our school was formally established in March 2016 and now announces its admissions from Pre-Primary (Nursery) to Class VIII.

AGS believes that children learn in their-own unique style. Young minds have infinite capacity to understand, grasp and master various skills. Hence, we ensure that during the crucial years of children's development, they are provided with practice based training under the guidance of experts. AGS aims to impart students Knowledge, Discipline, Confidence, Excellence and the sense of responsibility. Education at AGS focuses on the holistic development of the students. The curriculum constitutes diverse activities resulting in a well balanced programme encompassing all the three dimensions of education - the academics, the co-curricular activities and the sports.

Undoubtedly, AGS students will grow up to become inspiring individuals on whom the nation, the world and most importantly their PARENTS would be proud.

OUR VISIONS:

To prepare children to become Self-Reliant Productive Individuals with clarity precision and independence. To inspire children to embrace challenges and find Joy and Self worth through Achievement.

OUR MISSION:

We care for our values and belief and aim at perfect balance of complementary factors: ancient and modern, traditional and innovative. Our students will be knowledgeable, confident, meticulous, self reliant and above all great citizens.

OUR MOTTO:

Dream! Believe! Achieve! Succeed!

Is the clarion call at AGS AMBAH We encouraging our learners to discover their passion and decide their goals in life. We encourage them to find the joy of learning and make life a very mindful and meaningful experience. We help our learners discover who they really are and enable them to do what they love.

Principal Desk

Thank you for taking an Ashoka Global School. We hope you will find this prospectus both interesting and informative. It has been designed to give you some insight into our school – our ethos, our policies and our curriculum. We work hard to provide a caring environment where your child can feel confident and happy. We provide a wide range of learning experiences and strive to ensure each child can reach their potential.

We face a number of challenges when it comes with students. We must not only ensure that a child is coping but also balancing situations socially and emotionally. We need to keep our eyes and ears open for the signs of unhappiness in children.

They have to be nurtured, cradled, loved and educated. If we believe to create a new future we must first create a new consciousness in our children. So that the world of tomorrow will be better than today.

We have excellent home school links and look forward to welcoming you and your child to our school.

Mr. R.L. Sharma

Vice Principal Desk

An educational institution aims at teaching students not just to live but to reason and analyze life. We at AGS, Ambah are working really hard and inching towards that the goal where 'life will be sweet'.

Our motto 'Service Before Self' inspires us to firmly believe that happiness lies in serving others and we at AGS are passionate about grooming our students such a way that they can face the challenges of life and lead the society from the front.

I firmly believe that there is no age of learning i.e. one can learn at any age and at any time. I further believe that the best age for learning is the formative years of the life i.e. the early childhood. So let us continue to impart education to our children to make a difference in our country because they are the 'rays of hope' and the future of country, may God bless you.

Mr. Devvash Sharma

DIRECTOR CUM CHAIRMAN DESK

A good primary education is the basic need of a developing nation. Without sound primary education no nation can be proud of skilled generation.

We take care of our kids by means of our courses prepared scientifically for overall growth of child. We take care of child psychology and from this point of view we take help of audio-visual aids, harmless pedagogical toys and learning gadgets.

We are proud of our highly qualified teaching staff, amicable surroundings, well-equipped computer lab, modern library and a fully secured Big School Campus. Due to the said specialities, we have achieved much reputation and support from all sectors of the society. Our goal is to make our kids the strong pillars of the nation. We are proud of our institute.

INFRASTRUCTURE

Ashoka Global School is running at Pooth Road, Ambah. AGS is fully equipped with State-of-Art Infrastructure for world class Pre-primary, Primary, Secondary Education. The school is constructed keeping in view "Healthy Education in Healthy Environment".

For this, every effort is being taken to provide good atmosphere to our students. We have fully spacious classrooms for Pre-Primary section; it shows our commitment of providing a conducive environment for studies. All interiors and pre-primary classrooms are designed keeping the little kids in mind. Their inquisitive eyes get the feel of things, fresh and attractive.

We add advanced technologies in learning. Our aim to make every child a genius by providing all the desired amenities and modern facilities like latest computer lab, advanced library, dining room, doll room, audio-visual room etc. to develop their skills in the world of technique and technology.

AGS HAS:

- o Art & Craft Room
- o Audio-Visual Room (Kids Theatre)
- o Colourful Class Rooms
- o Science Lab
- o Library
- o Maths Lab
- o MI Room
- o Music & Dance Classes
- o Doll Room
- o Ball Room
- o Dining Room
- o Computer Lab
- o Activity Room
- o Seminar Hall

ACADEMICS:

A Well Planned Academic Curriculum

We focus to make a child an independent, confident learner. Therefore more attention is given to freethinking, understanding and actual learning and less memorization and copying. Children are free thinking and write in their own words instead of copying from blackboard. At AGS, we believe in providing a complete academic solution to your child. We believe in raising the student performance by providing quality teaching.

Every Child is Different

Research has shown that everybody does not learn in the same way. Some prefer experiments, some like lectures, some like to analyse and make hypothesis while some like to feel and experience for themselves.

Objective Assessment

The Assessment takes a wider view of the child's capabilities and ensures that the unique talents and skills of every child get showcased. Assessment for AGS includes written and oral tests, course work and practical assessment. Course work is set and marked by the teacher *AGS Learners*

The AGS approach

helps to develop learners who are:

- Confident:** in working with information and ideas, their own and Those of others
- Responsible:** for themselves, responsive and respectful of others
- Innovative:** and equipped for new and future challenges
- Engaged:** intellectually and socially and ready to make a difference in the world.

Teacher Training Programme

The School provides training in instructional techniques and grade room management. The programme introduces the teachers, to the latest learning theory and innovative teaching.

Learning Made Fun

Now a days all fresh brains enjoy cartoons and adopt new things from all those characters. We have portrayed those characters, shapes on walls and furniture. In this way children can easily memorize them in a very interesting manner with high accuracy.

AGS Co-Scholastic Activities

At AGS, we have the expertise to assess and bring up talents. We have focussed our approach in identifying the individualistic

needs of children at school level, harness their potentialities and build their attitude. We then accordingly nurture their talent, to groom them so well that by the time, they are ready to take on the upcoming challenges of the world.

Besides academics, a student should participate in co-curricular activities. By participation in different activities students come to know in which field, they are good and can do better under the guidance of a teacher. This helps in the development of their overall personality.

AGS offers a wide range of activities for the holistic development of a child, which includes:

Literary Activities: Storytelling, Poem recitation, Role play etc.

Scientific Activities: Experimentation and Exploration

Cultural Activities: Music, Drama, Dance Competitions, Fun Fair, Baby show etc.

Artistic Activities: Painting, Sketching, Drawing etc.

Sports Activities: Indoor and Outdoor games.
(Badminton, Football, Cricket, Volleyball, Basketball)

Extra-Curricular Activities: Festival, Birthday Celebration, yoga, Self Defence program for girls & Educational Tour etc.

Kindergarten: The Planned curriculum is thematic, integrated, developmentally appropriate and holistic and provides immense opportunities for creativity. It provides opportunities to all types of learners. The teaching method involves free play corners, Circle Time, Concept Time, Nursery Rhyme time/Sing Along time, the second concept, Art Centre, Conversation time, Gross Motor Activities, Music and Movement, and various fun activities and games like cricket, football, badminton etc.

Primary Years - Grades 1 to 5:

The conceptual understanding of children is built on the Constructivist theory where in children construct their own understanding and knowledge by experiential learning and reflection of their learning adhering to the five cycles of learning of explore, engage, explain, extend and evaluate. It also weaves in the 21st century learning skills like communication, creative and critical thinking, problem solving, collaboration and

Leadership : Living is experienced as an integrated whole. Real life cannot be compartmentalized into neat disciplines. To live successfully, one needs skill that cut across the disciplines. Curriculum integration is about students making connections and seeing real purposes for their learning.

The teaching learning process revolves around 5 integrated units of Learning. All the themes have inquiry based learning at heart. Inquiry is essentially exploring, wondering, questioning, experimenting, researching and elaborating solution to the problems. Each concept is presented to the children in a variety of ways so that all kinds of learners are able to grasp the concept. Young children are naturally curious. By stimulating this curiosity, we develop cognitive processes that form a solid foundation for future learning.

SALIENT FEATURES:

- ❖ Well equipped airy classroom & library.
- ❖ Low Teacher Student ratio (1:20)
- ❖ Extremely Caring & learned staffs
- ❖ Stress Free learning environment
- ❖ Emphasis on concept development

COMMENTS OF SATISFIED PARENTS:

Most of the Parents feel that AGS is a good platform where best care is provided to the blooming Kids. Parents are eager to send their child to AGS as soon as they turn two. This is because they feel that only AGS can take the best care of their progeny.

"First I hesitated in getting my child admitted to this school, but later on i was much impressed with the congenial atmosphere of this school, its infrastructure, qualified, and experienced teachers, teaching through the innovative methods of teaching.

- Mrs. Sonal Shrivastav

"I am highly impressed with the educational moral values which are being cultivated in the minds of little kids here. These ethical values will be helpful in growing our children into better human beings.

- Mr. Kaushlendra Tomar

We are very much satisfied with our child growth. Wish you all the best, AGS you have done a wonderful Job, much more than we had anticipated.

-Dr. Rajkumar Tomar
